«The basis of our collaborative works are mystical stories, surreal figures and a generous blending of different cultures, fabrics and social events across borders. The expression of these images is energetic, delicate and at times aetherically dynamic.

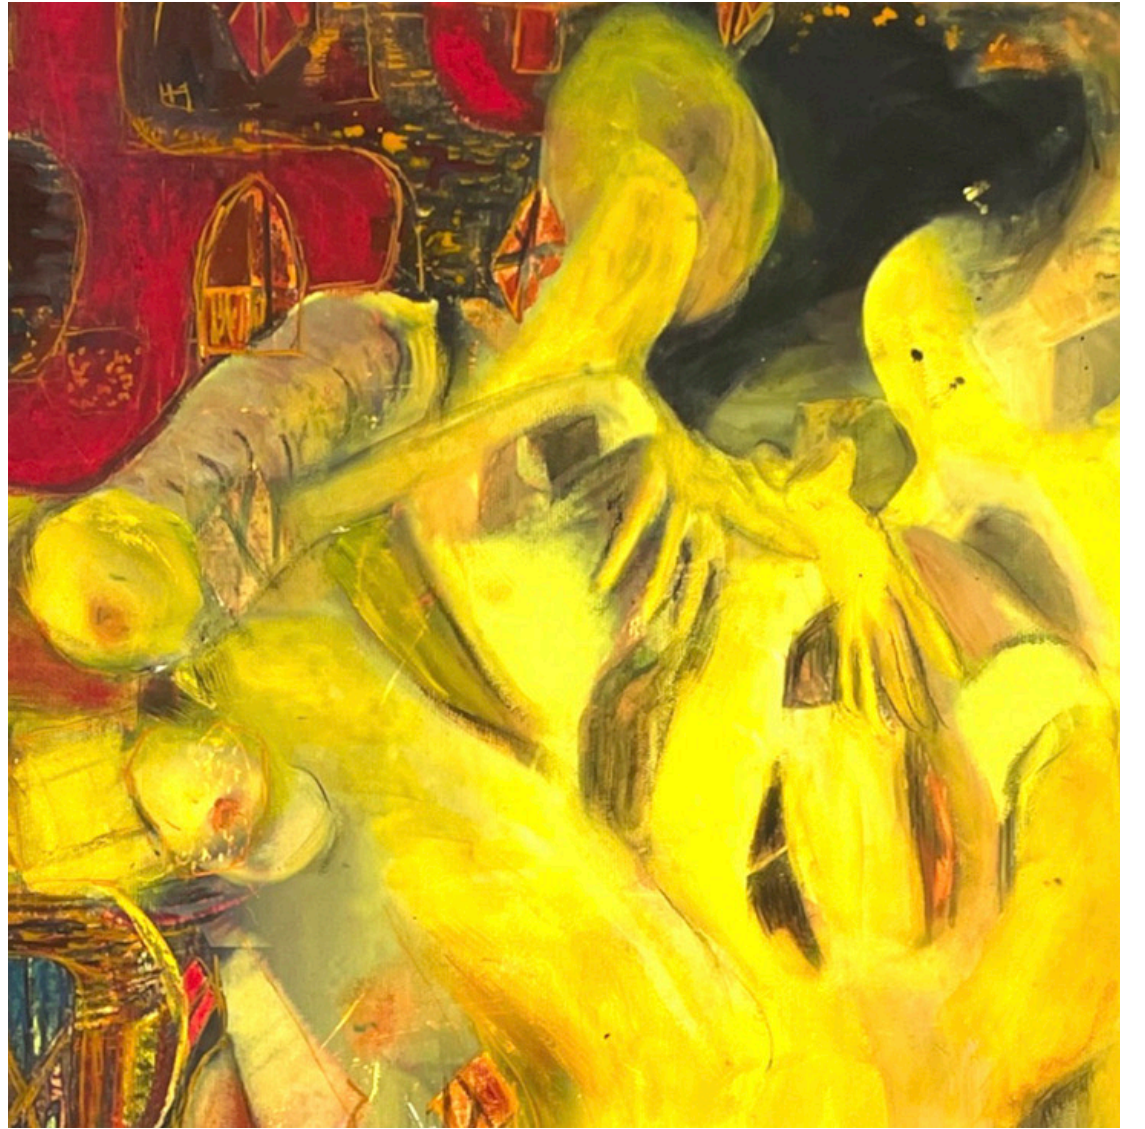

So it happens that between East and West, across revolutions, art in the sign of the times was reborn in its peculiarity for this team of artists. Our works are the breaking point, the moment of decision between being and not being, between nothing and something.»

About the Artists

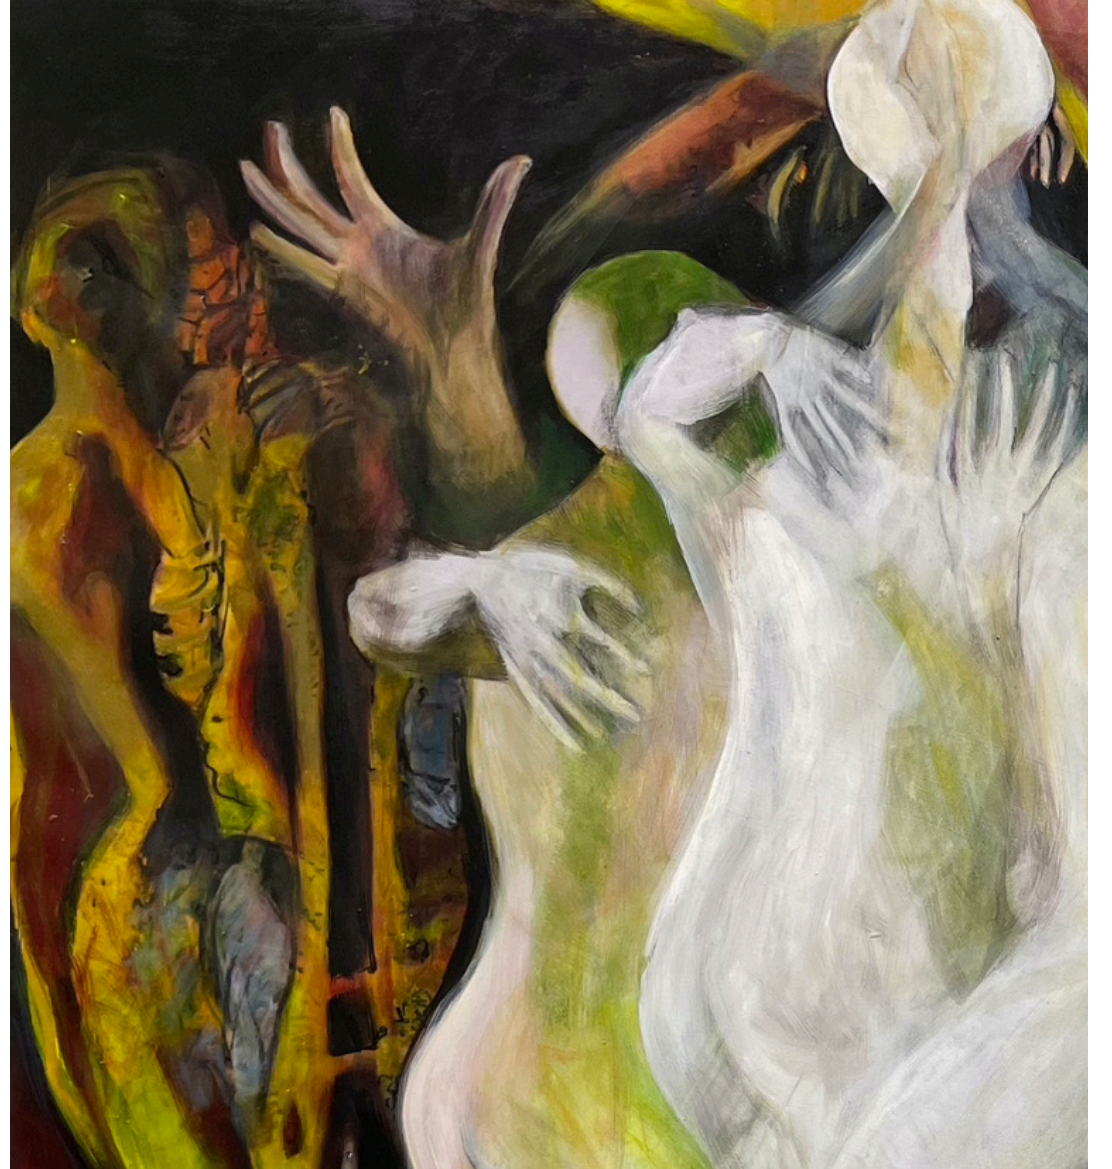

Since 2020, the artists Romaine Kuonen(contemporary fine art) and the Iranian based art painter, writer, director and performer Hadi MohammadKhani collaborate together in different art scene.

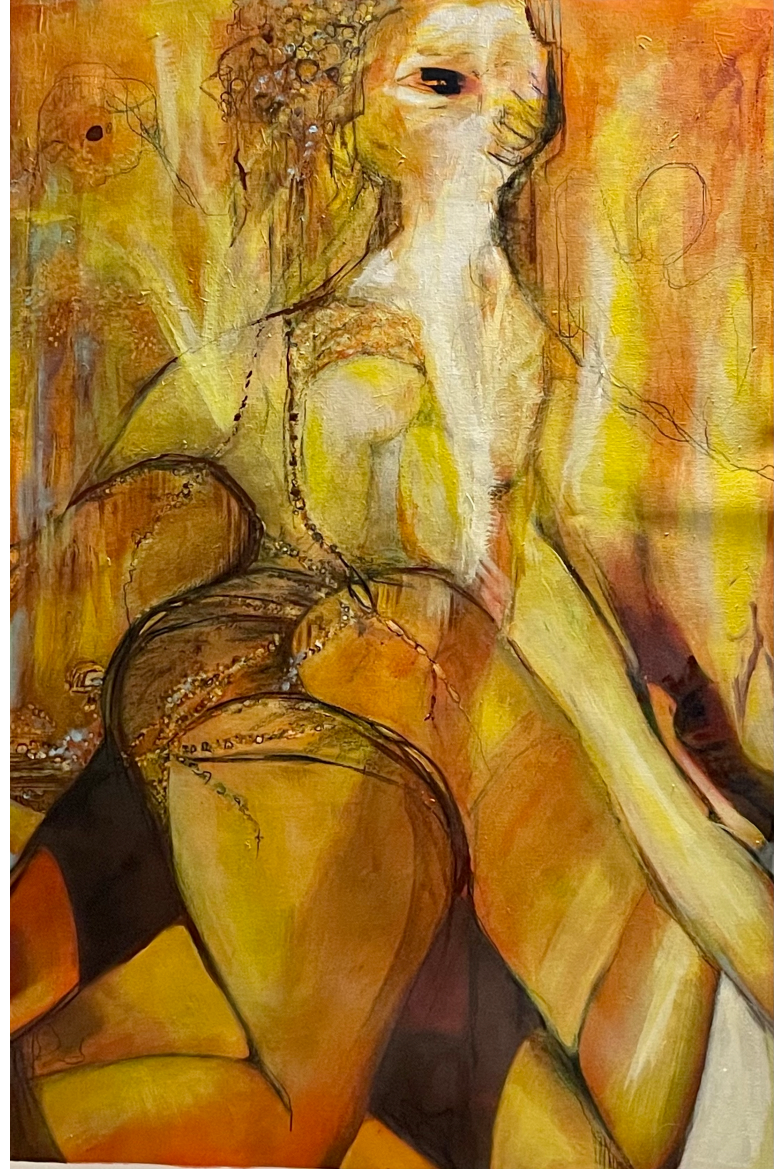

They have created also numerous paintings together, with which they jointly participate in international exhibitions. In January 2023, they received the Donatello International Prize in Florence and are also represented in the Contemporary Celebrity Masters Catalog 2023 and the Modern MUSA Art Catalog 2022.

They are represented 2023 by Galerie Kunstreich in Bern/Switzerland and Divulgarti in Galleria Medina in Roma and Galleria Caen in Milano and It'sLiquids Group in Venice and Rome with common paintings and performances from Hadi MohammadKhani.
